## F1 SIMULATORS

Your chance to experience what it is like to sit in  
a Formula One car...

We offer a choice of two simulator experiences:

The Original F1 Simulator gives you the opportunity to take the seat in an FW22 which was driven in 2000 by Jenson Button and Ralf Schumacher. The simulator is in a fixed location in the Trophy Room.

Half Car Simulator gives the same experience as the original but is a portable unit which can be located in most of our meeting and catering areas.

Both cars offer realistic force feedback through the steering wheel simulating the loading effect whilst cornering, braking and acceleration. Controlled by the participant using the onboard brake and accelerator pedals.
