

RBS WILLIAMS F1
CONFERENCE CENTRE

BATAK

Batak is used to improve reaction, hand-eye coordination and stamina.
A training aid used by Formula One drivers.

Eight LED numbered targets are put under the control of a dedicated microcomputer.
Subject to the program selected the goal is to touch as many of the illuminated lights
as possible in a set time.

Batak is fast, fun and skillful. Suitable for all ages and fitness levels.

- Suitable for a team building activity
- 6 programs available
- Ideal as entertainment during drinks receptions
- Can be booked for use during tea breaks and luncheon

£100.00 plus VAT per hour or part of
